

Please do not allow the CBA to change the Indiana telephone privacy law. Their petition is trying to restore the 'bad old days' of unrestricted harassment of consumers with unwanted calls. I love the fact that I no longer get phone calls from people soliciting, surveying, or otherwise bothering me. I used to have to maintain an unlisted phone just to restrict this kind of harassment, but I still received unwanted and unsolicited calls at all hours, and even on Sundays. I never want to have to deal with these calls again, so please do not alter, change or remove this law; it is definitely in the best interest of the citizens of Indiana.
